	ent/ Obs			In addition to a standard inspection, this inspection served as a complaint investigation. Multiple complaints had been received by the Health Department with regard to the bathrooms being closed. One complaint indicated that deli workers did not have water to wash their hands. At the time of inspection, all areas of food prepreparation did have running water and the ability to wash hands. Plumbers were currently working on the plumbing situation and the bathrooms remained closed. During the inspection Port-o-pots arrived to provide bathrooms in the short term. Facility is working diligently to get the restroom plumbing repaired.
